

**BHARATI VIDYAPEETH
(DEEMED TO BE UNIVERSITY)
CENTRE FOR DISTANCE AND ONLINE EDUCATION, PUNE
(ONLINE MODE)**

NOTICE

Date: 27/12/2021

Dear Students,

This has reference to the **open course selection and specialization elective selection** earlier notice issued

It has been observed that the students have still not updated their choice of open courses and specialization electives. The information in the forms and the examination form filled already is to be used to generate the hall tickets and conduct of examination and also for dispatch of the self-learning material.

All students are advised to arrange to immediately update the information. The links for the same were given in our earlier notice.

Those students who have filled the information in the forms are not to fill the form again. No changes can be made once the choices of open courses and specialization have already been updated in the form and also in the examination form filled.

All are to note that the process of updating choice of open courses and specialization electives in the forms is to be completed by 30th of Dec. 2021.

The university would be not being accepting any request for updating or changing the open course or specialization once it has been filling in the forms link given and the examination form filled after the last date as given.

This has approval from competent authority.

With regards,

**BVDU CDOE,
Pune**
